

June 12, 2018

Dear Residents,

The Secord Community League has assumed responsibility for leading the effort to build a new playground in our amazing community! When our new David Thomas King School was built, a playground was not included in the plans. Our playground estimate is \$810,044. We currently have \$250,000 allocated from the Provincial Playground Grant fund for new schools and potentially up to \$250,000 in grant money through the City of Edmonton's Neighbourhood Park Development Program fund. This means *as a community we must generate the remaining funds* in order for a playground to be built. Our fundraising goal is \$310,044. Assuming we can generate the required additional funds we are aiming for construction in 2019.

We are fundraising in partnership with all major stakeholders: David Thomas King School and its Parent Council, residents, The City of Edmonton, various funding and granting agencies and the corporate community. We need your support in fundraising to build a new playground for our children! Attached is a donation form. Donations are tax deductible, with receipts provided by the City of Edmonton. Alternatively, should you wish to become a corporate donor, volunteer or join our Playground Committee please contact Playground Committee Chair Christie Delano at (780) 218-1395.

As we progress through the various phases of development, with support from the City of Edmonton, a series of public consultations will be held to acquire feedback. These public consultations will take place through a series of Open Houses and online surveys. Our first public consultation will take place after Concept Drawings have been produced.

Thank you in advance for your support.
